MEMORANDUM FOR:

Office of Technical Service

DD/A Registry

SUBJECT

: Designation of Agency Auditorium

File

04M-5

1. Thank you for your thoughtful memorandum of 2 January suggesting that the Agency auditorium be designated as the Richard S. Welch Auditorium. I raised the matter at our daily staff meeting, and it was the consensus that, in light of our other employees who have given their lives in the service of our country, it would not be fair to perpetuate the memory of only one in this fashion.

2. I do want you to know, however, that several other ideas are under active consideration to memorialize Mr. Welch, and we will keep our employees advised of them. Thank you again for your idea, which indeed has considerable merit.
